“My two daughters and I have known Michael for 14 years. Michael has watched our family go through the best and the worst of times that life can bring, and he has never been afraid to ask the hard questions that no one else would have asked. I find myself thinking and pondering about our conversations for days, months, and years. I am so proud to say I have been touched by Michael’s life. His is the kind of love that goes on forever.”

“I met Michael over ten years ago, and he instantly made me feel comfortable in my own skin. I could be who I am without fear of judgment. It was immediate. Ten years later, I feel just as comfortable seeing him. Michael has walked through his own valley of shadow and helped me walk through mine. To this day, I always feel better after spending time with him.”

“Michael cuts to the heart of who you are, reveals your beauty from the inside out, and holds you accountable. You can call it therapy, hairapy, or just plain miracle making. I am blessed to have him in my life.”

“One of the many wonderful things about Michael is his amazing ability to see only the best in people and help them to discover that in themselves. He infuses me with strength, courage, humor, and love by simply listening and being present. Each time I leave him, I feel clear of purpose and ready to take on whatever life has in store for me.”

“Michael is so refreshing in that he has no ego as a facilitator. I can *feel* his open heart welcoming me into his world the moment I walk into the room. He openly invites contributions from all, knowing that their experiences and knowledge are valid and vital to the process. He has a special way about him that allows him to lead without dominating or intimidating anyone. Working with Michael allows the individual to experience the true meaning of partnership.”

“Having Michael in my life has been a true blessing. He has an ability to connect with people on a visceral level to guide them into their full potential. His desire to understand others without judgment or aspersions allows for a connection unlike many others in my life. He has been invaluable to me as a personal guide. He is a true human cipher, helping to translate behaviors and beliefs into clear purpose and meaning. Allowing Michael into your life is the equivalent of giving your own faith back to yourself.”
