

Mike,

Rhett, Lila, Moses, and all the contributors to *Pay It Forward: Clovis - Uganda* Mission, you're great. You're givers, you're our inspiration, you're real lovers of mankind. You're a true force of vision.

It was a nice, exciting, educating and inspiring mission to whoever got involved.

The most beautiful Internet cafe in Kampala was set up. Most souls were inspired to further their businesses and have self awareness, trust, faith and belief that all is possible.

There's now a cafe in Uganda that acts as a model for all other cafes around. It's a centre of interaction, learning, chatting and fun!

There's a good time here, and there's business at the same time. Whoever comes in one day cannot resist coming back another time – friends are increasing.

We just have that belief that all can be done. It's a matter of getting to know **'how?'**

YOU'RE LOVED FROM THE DEEP BOTTOM PART OF THE HEART OF VISION
CAFE AND VISION FORCE UGANDA.

Love, Faith, Light and Blessings.
